DiLeonardo International Completes Villas by the Sea

Apr 12, 2013

Water's Edge resort and spa has opened a collection of two-bedroom villas overlooking Long Island Sound, Connecticut.

Ranging from 1,100 square feet to 1,300 square feet, the 20 Villas by the Sea feature gourmet kitchens, two full baths, gas fireplaces, spacious balconies, and private beach access. Warwick, Rhode Island-based design firm **DiLeonardo International** furnished the villas to reflect the beachfront location.

A palette of warm cream, yellow, ocean blues, and natural sand complement custom-made cabinets and stone, tile, and Carrera marble counters. The living rooms and kitchens furnished with brown wicker chairs, glass-topped tables, and sea green rugs with wavy white stripes exude an airy atmosphere. Accented stonewalls under the kitchen cabinets and around the fireplace add visual interest and texture to the villas.
